

CALL FOR PARTICIPATION

The 9th China-Scotland Signal and Image Processing Research Academy Workshop (SIPRA-2018)

20-22 April 2018

The 9th China-Scotland Signal and Image Processing Research Academy Workshop (SIPRA 2018) will be held from 20-22 April 2018 in Suzhou, China. It will be hosted by Professor Baochuan Fu from Suzhou University of Science and Technology (SUST). The Institute of Automation, Chinese Academy of Sciences and Jiangnan University are co-sponsors of SIPRA 2018.

The aim of the three-day Workshop will be to bring key academics, researchers, and industrialists together to exchange ideas and promote collaborations between participants.

The China-Scotland Signal and Image Processing Research Academy was established in 2008, between leading Chinese and Scottish Universities and institutes, with the objective of: stimulating and supporting collaborative research programmes; encouraging PhD student and staff exchanges; promoting joint publications; organizing workshops and training programmes; seeking joint funding for collaboration; and developing close cooperation and partnership with industry in China and Scotland or even UK.

The workshop will be held at the Jinling Shihu Garden Hotel (No.88 South Xijiang Road, Suzhou, China), which is near the campus of Suzhou University of Science and Technology. The accommodation costs for all the delegates from Scotland and UK will be covered by SUST. The costs of travel to Suzhou will be your responsibility. There is no registration fee for all the participants of SIPRA 2018.

If you would like to participate in the Workshop and make a presentation on your current research, please send details to:
